

## DESE and WGBH Partnership for Educational Resources

This week we're focusing on social studies resources. We're showcasing some of our largest and broadest collections below, but you will find much more [history and social studies content on PBS LearningMedia](#).

Today is the start of a new week of [educational broadcast programming](#), helpful for students with limited or no internet access, or to augment online remote learning. Check out our schedule of content for 6-12 grade on animal behavior, the Gilded Age, fossils, plastics, the Roosevelts, the civil rights movement, Pluto, the race to the moon, and more. We've put together a [resource guide with additional helpful links](#). There is lots of programming for younger students on WGBH and WGBY channels too--check your local listings.

Finally, we're continuing our popular webinars this week! [View the listings](#) and register for our "jump start" webinars on using PBS LearningMedia and our interactive lessons.
