

DESE and WGBH Partnership for Educational Resources

April is National Poetry Month and we could all use a little poetry right now. We've got resources for all grades to inspire you and your students. How about a Zoom poetry slam, or, challenge them to write a poem about a science or social studies subject? Have students create a drawing or illustration to accompany a poem. Or, how about this idea we've seen on social media? We've seen some hilarious haikus about being at home!

“

Please share your experience being at home so far in the form of a traditional Haiku. 3 lines; 5 syllables, 7 syllables, 5 syllables.

We've gotten very positive feedback on our webinars, and have added some new ones. Please note the date change for our Interactive Lesson webinars-- they are now next week instead of this week. We hope you can join us live, but if not, register anyway, and we will send you a link to the recording so you can watch when you're able. Send any questions about webinars, resources, or issues you are having to education@wgbh.org.
