Ms. Melissa Fay, Director of Student Services

Mr. Michael MacMillan, Business Manager

January 15, 2017

Dear Parent(s) and /or Caregiver(s):

We are pleased to provide a copy of our school's report card. It contains information about school and district accountability, achievement, our students and teachers, and other important measures of school performance.

The report card contains important accountability information and information about the students and teachers in our school as compared to the district and the state. Also included are other important measures of school performance, such as attendance, suspension rates, and high school performance.

Accountability and Assistance Levels: Our school has been given an accountability designation of "no level" because students in our school participated in the 2017 Next-Generation MCAS tests.

You may also visit the link to our accountability status on the Wareham Public School's website: www.warehamps.org.

To improve student performance in our school, we are working diligently to provide your children with quality educational services and programs. We encourage you to become involved in helping us improve our school. Some of the ways you can become involved are:

- Encouraging your child's learning at home
- Attending parent-teacher meetings and other special meetings
- Serving as a volunteer in our school or district
- Encouraging other parents to become involved

Finally, if your child attends a school that receives federal Title I funds, you also have the right to request the following information about the qualifications of your child's classroom teachers:

- Whether your child's teacher is licensed in the grade levels and subject areas they teach
- Whether your child's teacher is teaching under an emergency license or waiver
- The college degree and major of your child's teacher
- Whether your child is provided services by paraprofessionals and, if so, their qualifications

For more information about what we are doing to improve student achievement or to request information about the qualifications of your child's classroom teachers, please feel free to contact your child's school. For a full copy of this report card, or to see report cards for other schools, visit profiles.doe.mass.edu.

Although this report card offers important information, it does not address the level of commitment the Wareham Public Schools demonstrates every day as we, not only address your child's academic needs, but also foster social and emotional growth and overall well-being. For more information about your school's report card, please feel free to contact your child's school and ask to speak with the guidance counselor.

Sincerely,

Andrea B. Schwamb, Ed.D.

Wareham Public Schools will provide challenging, engaging, innovative, globally minded educational experiences providing a competitive advantage for our students, our schools, and our community, creating a better world.
