Dear Families:

I wanted to provide you with some updates for the end of the year procedures. The last day of school is June 16. It is the early half day. We need to collect any books, hot spots, or Chromebooks from our students. In addition, we know some students need to come and get belongings from their desk/lockers. The following is the procedure and dates we have outlined so we can keep to social distancing and keep everyone safe.

- Minot Forest families will park in the Town Hall parking lot.
- Students must wear a face mask when entering the building and bring a few bags with them to put their belongings in to carry home.
- **Students only** will bring any books/hotspots/Chromebooks to door #9 by the auditorium and hand them to Mrs. Seamans or a staff member. They will then be allowed to go to their classroom/locker to get their things.
- Some staff will be in the halls to help supervise. Please remind your child that they cannot hug any friends or staff during their visit. We know this will be hard not to do.
- The schedule for them to arrive is as follows:

June 11 9:00-11:00 AM  
Grade 3 students with last names A-M

June 11 12:00-2:00 PM  
Grade 4 students with last names A-M

June 12 9:00-11:00 AM  
Grade 3 students with last names N-Z

June 12 12:00-2:00 PM  
Grade 4 students with last names N-Z

Wareham Middle School also will be collecting items and allowing students to get things from their lockers. They are using the front entrance and parents are parking in the front large parking lot. If you have children in both schools, you can select one date and time above and bring your Minot Forest/Wareham Middle School children to the proper doors.

We will be passing summer reading books out as well. For the last few days, since school is still officially in session until June 16, please have your child start their summer reading book, write in a journal about their online remote learning experience, and practice multiplication facts for mastery.

You will receive a call from the nurse if your child has medication to pick up. They will have a separate pick up date than these.

Grade 4 teachers are working on student awards. A link will be sent to you via email to see if your child received an award. We will post the link on the district website as well. If you have any questions, feel free to email me at [jseamans@wareham.k12.ma.us](mailto:jseamans@wareham.k12.ma.us).

Warm regards for continued safety,  
Joan M. Seamans, Principal
