

## Checking Student Web History on a Chromebook

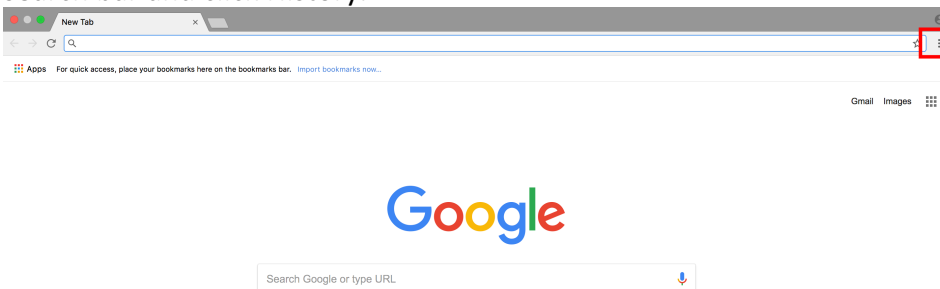

1. Power on the Chromebook
2. Log in to the Chromebook with the WPS issued student email address and password.
3. Open the Chrome web browser on the bottom left taskbar:

or by the icons launcher:

4. When Chrome loads, hold CTRL and H or click the 3 dots on the right side of the top search bar and click History.

5. The student history should now be available. You can also search for specific history using the history search on the top of the screen.
