

May 18, 2021

Dear Parents and Guardians,

As you are aware, Governor Baker announced a change to the COVID guidance yesterday.

Per DESE, DPH, and Governor Baker, all students and adults are not required to wear masks while outside beginning May 18.

Students are not required to wear masks while: at outside recess, participating in athletics, in physical education, and in outdoor learning. Adults will continue to wear masks when outside if unable to social distance.

All other protocols remain in place: masks will continue to be worn inside (unless eating) and on the school bus.

We will continue to make needed adjustments when changes in the guidance occur.

Thank you for your help and support during this year.

Sincerely,

Dr. Shaver-Hood
