

April 12, 2019

Dear Wareham Families,

At Minot, there is a true sense of community that is apparent in each classroom. Every day, teachers begin with a morning meeting that promotes positive behaviors and sets the tone for the day. Student input is essential in these meetings, and throughout the entire day, as honoring student voice and choice is central to the philosophy of the Wareham Public Schools.

WPS parent Maritta Milne notes that a building doesn't make a school, rather it is the people in it. We couldn't agree more. Please enjoy this video about Minot and the students and educators who are at the core of the community of this great school:

Best wishes to all for a wonderful weekend. As well, I hope that the April vacation week is one of rest and rejuvenation.

Sincerely,

Dr. Kimberly Shaver-Hood
