Trip Planning Form

What is the location of your proposed trip? Paris, Luxembourg, Ghent & Amsterdam
What are the dates of your proposed trip? April vacation 2020
Will students be missing any school days and if so, how many? No. Zero

What is the purpose and focus of your proposed trip?

Students in the WHS Global Ambassadors Club met multiple times to discuss location ideas for next year's Global Education study tour. France was the top choice, however students also were hoping to see some sites in surrounding countries as well.

How does it specifically tie into the curriculum? And what activities will you plan for travelers before and after the trip to further enhance curricular and global education goals?

Students in French classes will be communicating with pen pals from a sister school in Paris. All student travelers on the tour will also be offered the opportunity to have a pen pal from this sister school. Once on tour, students will be able to visit with their Parisian peers at school and/or on a group field trip.

How have you involved members of the Global Education team and the Global Ambassadors in this initiative?

Yes, both. This trip was student driven. They chose the location and identified why they wanted to visit the region. The Global Ambassadors at both WMS and WHS will be engaged in activities that highlight the cultures of the four countries that will be visited. As always, there will be a cultural night that will be a kickoff for all of the travelers on the trip where they will be taught how to make French foods, and learn some introductory French.

Who will be chaperoning this trip? *Beth Guiffreda will be the female chaperone.*
Joe Franco will be the Group Leader (Matt Stanton and Maureen Manning will also be available to serve as chaperones if needed).

Is there anything else you would like to share about your proposed trip?

We are excited about the new partnership with the school in Paris. This Parisian school also partners with our sister school in Sydney, Australia, and administrators at the school have met in person and continue to meet online to prepare.
